THE COURTYARD BAR

Welcome to The Courtyard Bar at Carton House, A Fairmont Managed Hotel, an exquisite welcoming space that perfectly fuses the natural beauty of one of the finest estate courtyards in Ireland, with the elegant refinement of our iconic resort interiors.

Originally the kitchen courtyard for The House, the very best of local artisan produce came into the service-entrance of The House right here, before being prepared and served to some of Ireland's finest gentry on behalf of the FitzGerald family. A bake house and brewery for the estate also looked onto this courtyard. The bustle of everyday life has echoed through these courtyard walls for centuries.

Today like yesteryear, The Courtyard Bar remains a treasure trove of activity and atmosphere for our guests. Relax and indulge in our specially curated drinks menus, as you sit and savour the dichotomy of this special place.

Where outside meets in, where old meets new, where day turns to night with a graceful ease, this is a truly unique place at Carton to be savoured time and time again.

Allow us to fulfill your needs – please let one of our wait staff know if you have any special dietary requirements, food allergies or food intolerances.

Bushmills 16-Year-Old Single Malt 18

Nose: Rich aromas of dried fruit, nuts, and honey with hints of vanilla and spice.

Palate: Smooth and complex, featuring dark chocolate, red berries, and toasted oak.

Finish: Long and warming, with sweet caramel and subtle spice.

Bushmills 16-Year-Old is matured in a combination of bourbon and sherry casks before finishing in port wine casks, giving it its signature depth and fruitiness.

Redbreast 15-Year-Old 23

Nose: Rich and nutty with dried fruit, tropical notes, and hints of oak and spice.

Palate: Full-bodied and silky, featuring honey, sherry sweetness, roasted nuts, and a touch of pepper.

Finish: Long and complex, with lingering spice, oak, and dried fruit.

Redbreast 15-Year-Old is a single pot still Irish whiskey, made using both malted and unmalted barley, giving it a uniquely rich and creamy character.

Midleton Barry Crockett Legacy 65

Nose: An elegant aroma of vanilla and toasted oak, lifted by hints of lime, green berries, pear, and sweet green pepper.

Palate: Light pepper leads into bright citrus—lime and mandarin—layered with subtle cinnamon, vanilla, and the mellow warmth of American oak.

Finish: The full spectrum of flavours carries into a long, graceful finish, slowly fading to reveal a clean American oak foundation.

Midleton Barry Crockett Legacy is matured exclusively in American oak, combining ex-bourbon barrels with virgin American oak casks to deliver its signature elegance of creamy vanilla, gentle spice, and bright citrus.

BUSHMILLS

Founded in 1784 in Northern Ireland, Bushmills Distillery traces its distilling heritage back to 1608, making it the world's oldest licensed whiskey distillery. Having weathered Prohibition, wars, and numerous changes in ownership, it is now owned by Casa Cuervo and continues to be a leading producer of triple-distilled Irish whiskey.

TEELING

Brothers Jack and Stephen Teeling founded the Teeling Distillery in 2015 in Dublin, Ireland, continuing the family's whiskey-making tradition that dates back to 1782, when their ancestors established the Teeling Whiskey Company.

With years of industry experience, the Teeling brothers set out to craft innovative, high-quality whiskeys.

The distillery swiftly gained recognition for its bold, modern approach to Irish whiskey production, with releases such as Teeling Single Malt and Teeling Small Batch helping shape the contemporary Irish whiskey scene.

MIDLETON

Founded in 1825 as the Murphy Distillery, the Midleton Distillery is located in County Cork, Ireland.

In 1966, it merged with several other distilleries to form the Irish Distillers Group, centralizing production at Midleton. In the 1980s, the group was acquired by Pernod Ricard, which spurred its global expansion. Today, Midleton is renowned for producing premium Irish whiskeys, including Jameson, Redbreast, and Powers, blending traditional methods with modern innovation."
